LOCATION

One decision can transform our lives forever.

The Outer Ring Road (ORR) has completely transformed Hyderabad and its citizens. The drive on ORR is thoroughly enjoyable, completely hassle-free and reaching any location in the city is a breeze. Many globally reputed MNCs, IT majors and educational institutions wasted no time to set up their campuses in close proximity to ORR. This resulted in mushrooming of numerous gated communities around ORR, which led to overall development of the city.

CK Infini after evaluating many locations finalized its flagship project, CK Atmos Breeze in Pulimamidi, few minutes' drive from ORR and Srisailem Road. It is located close to 3000 acres reserve forest on one side and a lake on the other. It offers a rare opportunity to transform your life to a healthier life while benefiting immensely for escalating land prices.
